This warranty only flows to the original purchaser or first end-user purchaser. If a Product covered by this warranty fails to conform to this warranty and is returned by purchaser in accordance with Philips published Warranty Service Program during the warranty period, Philips will, at its option, either repair or replace the Product or the non-conforming part thereof, or reimburse the purchaser for the purchase price of the specific ballast. For purposes of clarity, “repair or replace the Product or the non-conforming part thereof” does not include any removal or reinstallation costs or expenses, including without limitation labor costs or expenses. If Philips chooses to replace the Product and is not able to do so because it has been discontinued or is not available, Philips may replace it with a comparable product.
